

Dear School Owner

We are pleased to announce the development of a New National Organization associated with ITF-SK Headquarters in the homeland of Taekwon-Do. The structure was developed due to the need of an organization unlike all others. Our goal is to provide a diverse group with cost-effective and exceptional programs. We are a pressure free organization where School owners possess the freedom to operate their school as needed.

At Blue Cottage U.S.A. we are dedicated to providing and improving services to meet our membership's needs. These programs are designed to satisfy the practitioners and Dojangs needs while providing learning and training options for the school owners.

Additional packages and training we offer besides our quality ITF Taekwon-Do syllabus to assist your school and students are:

-  Hapkido
-  Executive Security Training/Certification
-  Women's Self Defense
-  Modern and Traditional Weapons

Contact us for more information at munyonsellddefense@yahoo.com or bluecottagetkd@yahoo.com or at bluecottageusa@yahoo.com.

Michael Munyon
Chairman of the Board
